Shoot—that's a loss for us at a critical time in the biostimulatory/biointegrity policy ;( but I am sure a good move for you! Best of luck to you Stephen—NMFS will be lucky to have you!

**Subject:** Departure from EPA

Good Morning All,

I wanted to share the news that I'm departing EPA at the end of this month and moving to a position with National Marine Fisheries Service in Sacramento. The point of contact for my duties will be Terry (coordinating with State Board, SCCWRP), Matt (Liaison for Regional Board 5) and for any other questions, please contact my supervisor Dave (all cc'ed here). I worked with over ten states in my time at EPA and want to make sure that you all know: the water quality expertise and innovation in California is exceptional, and that's a direct result of all your contributions and persistence. It was a pleasure working with you all, I'll do my best to keep in touch going forward, and can be reached at my personal email address [smaurano@gmail.com](mailto:smaurano@gmail.com).

Best,

Stephen
